Get started with Advancing Access

Whether you have insurance or not, Gilead Advancing Access can help explore potential coverage and financial support options that might be right for you.

How we can help

Gilead Advancing Access can provide:

A live program specialist who can help you understand coverage and financial options for your medication

Research on prior authorization requirements so you and your healthcare provider know what is needed to start you on your medication

Enrollment in the Co-pay Savings Program for the commercially insured

Enrollment in the Patient Assistance Program/Medication Assistance Program for uninsured eligible patients

A benefits investigation
This includes researching and verifying your specific insurance benefits and coverage for YEZTUGO® (lenacapavir)

Information on additional support and coverage resources
